HYBLA — T A V E R N —

At Hybla Tavern, we aim to showcase local wines alongside a contemporary beer, cocktail + spirits offering to ensure you've got exactly what you want to drink alongside our paddock to plate Melt Beef and Hawthornden Lamb everyday.

Melt Beef by Melaleuka

Formerly known as Village Green Beef, Melt Beef is our own beef delivered from our farms to your plate. DNA traceable. No hormones. No antibiotics.

Melt Beef by Melaleuka is tested by the C.Y. O'Connor Research Foundation who are collaborating with us to verify and develop the healthy beef project. We are focused on the production and direct delivery of healthy Melt Beef from our Melaleuka Farms located in North Dandalup, directly to our customers.

The healthy beef program has stemmed from our interest in healthier beef fat that has a high oleic acid content and a low melting point; a characteristic identified in the genetics of some Wagyu and Akaushi cattle originating in Japan.

These breeds have superior genetics that enable the beef to marble with increasingly lower melting temperature (healthier) fat.

CIDER in bottle

James Squire 'Orchard Crush' Pear, AUS 5% 9

COCKTAILS
